### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Prior arts of record do not disclose a torque transducer which includes two stage torsion bars connected in series, the first stage torsion bar has higher operational torsional stress in torque transmitting operation than the second stage torsion bar; a torque sensor is coupled to the second stage torsion bar for measuring the torque as a function of stress in the second stage torsion bar independent of the first stage torsion bar.

The difference between the present invention and the closest prior art disclosed by Phillips (US 5,307,892) is explained by applicant's in page 6, last paragraph-page 9, lines 1-5, and page 10 first two paragraphs in the amendment submitted on November 26, 2004.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thu Nguyen whose telephone number is (703) 306-9130. The examiner can normally be reached on T-F (7:30-6:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Black can be reached on (703) 305-8233. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
